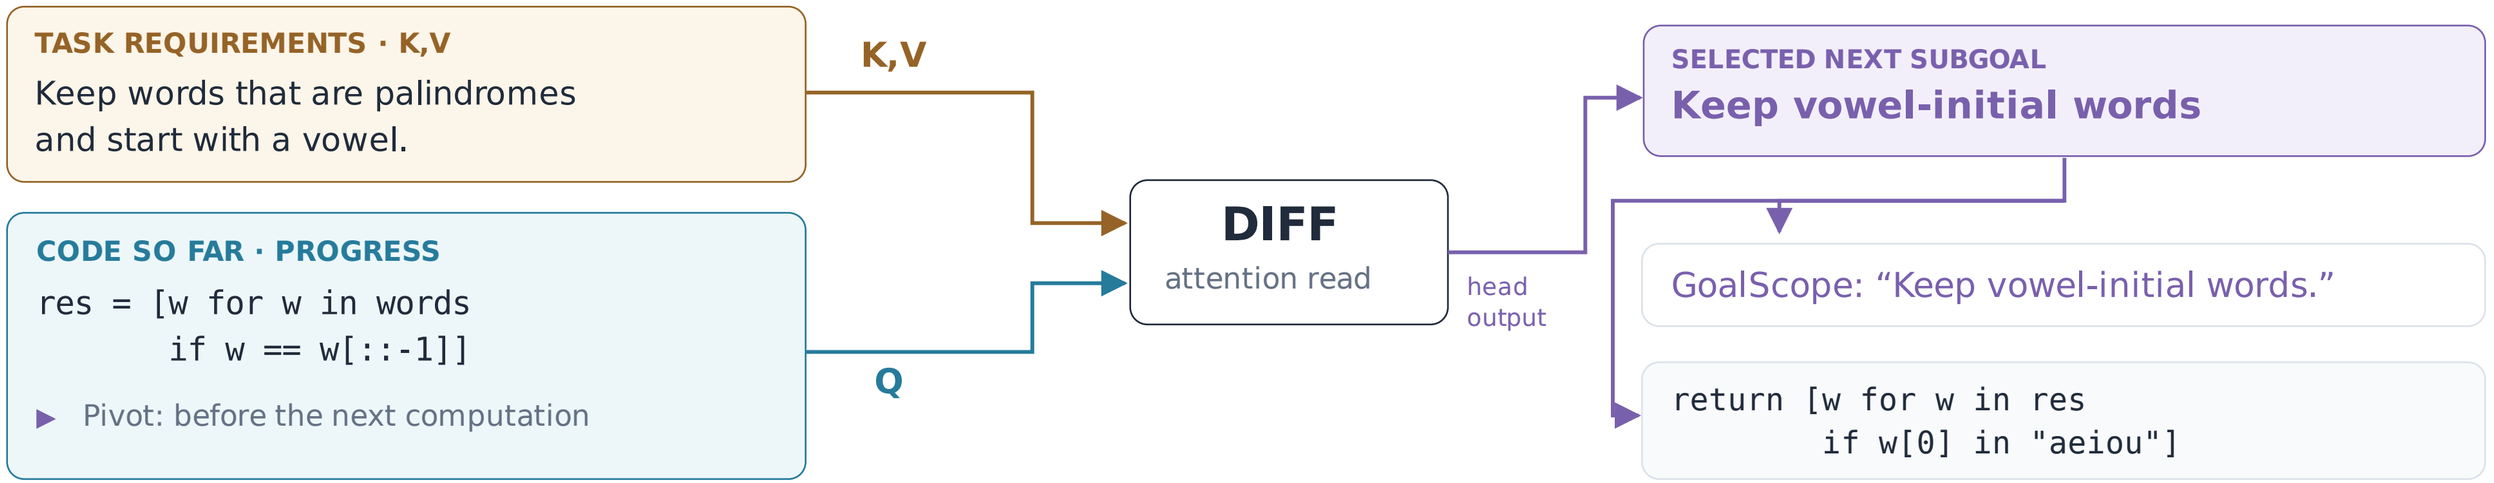
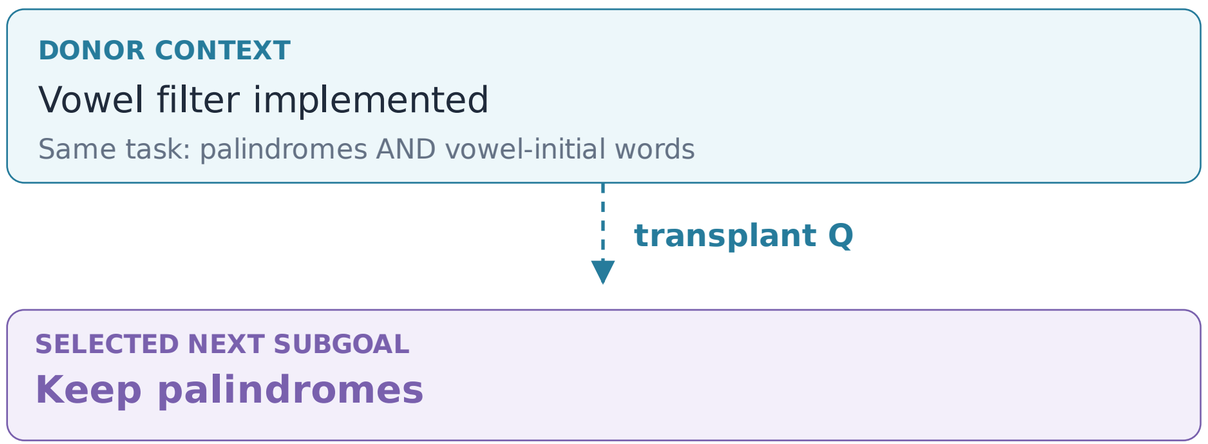
(a) The next subgoal is what remains to be done



Two interventions test the inputs to this selection

(b) Change progress

Hold task requirements fixed

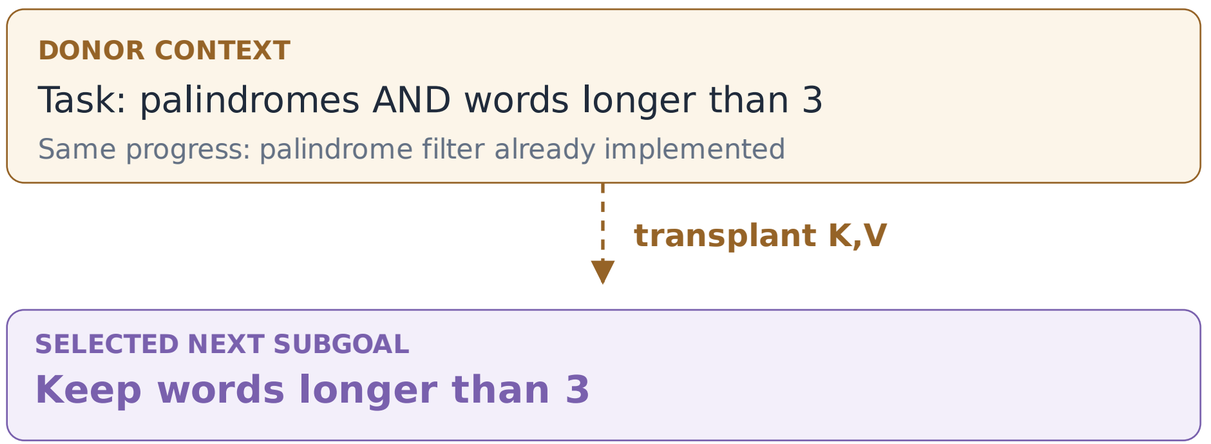


Clean next goal: vowel → Patched: palindrome

Destination keeps its own task K,V.

(c) Change requirements

Hold completed work fixed



Clean next goal: vowel → Patched: length > 3

Destination retains its progress context.

SCHEMATIC EXAMPLES · Text summarizes interventions; arrows do not specify patch duration or layer count.
